The new CEECOACH®

Easy group communication for connecting instructor and students in snow ski sports.

With the new CEECOACH® 2-6 participants can communicate over a distance of up to 500 meters (1600 ft) without a smartphone or mobile phone network using modern Bluetooth® technology.

The communication system that networks even without a network - handy, lightweight, sturdy and intuitive to operate.

All functions can be controlled with just three buttons. The wave-shaped design of the CEECOACH® enables optimum operation, even when wearing gloves or without looking at the device.

Three individual configurations can be set up easily (Trainer, Participant and Private Mode).

More reliable than standard radio systems
Crystal clear sound
Simultaneous talking with Full-Duplex
Red-Dot® awarded design
Splash- and dust-proof
Easy and intuitive operation
Fast Plug & Play connection
High battery performance

It’s so simple that children can easily use it.
You can handle it even with gloves on and without looking at the CEECOACH!!

Easy selection between three modes

Trainer Mode
The trainer talks - up to 5 participants listen.

Participant Mode
The participant and trainer can speak with each other, all other participants can only listen in.

Private Mode
The trainer can place an active conversation into Private Mode. Then the other participants cannot listen in.
