

Welcome to Gothenburg for the 10th Nordic Course in Trauma Radiology from Monday 21st to Thursday 24th of May 2018.

We are proud to present an exciting three and a half-day program featuring a wide range of topics presented by a distinguished national and international faculty. The goal is to provide both basic and advanced knowledge for residents and attending radiologists as well as anybody working in the field of trauma.

On behalf of NORDTER
