TRAUMA & EMERGENCY RADIOLOGY

Welcome to Oslo and the 7th Nordic Course in Emergency Radiology from Monday 13th to Thursday 16th of May 2019!

Oslo, the capital of Norway, is located at the northernmost end of the beautiful Oslofjord.

Oslo is the fastest growing capital in all of Europe, with amazing changes going on in everything from local cuisine to architecture. Come take part in the excitement, and you will discover a city surprisingly rich in culture – and close to nature.

If you stay an additional night, you will have the unique possibility to celebrate the Norwegian National day at 17th of May.

There are direct flights to Oslo from most major cities in Scandinavia and Europe, and from some cities in North America and Asia. Oslo can also be reached by ferry from Copenhagen, Frederikshavn and Kiel and has excellent train connections.
