

New for 2019!

Joint ESER & NORDTER Emergency Radiology Workshop!

WHEN: Sunday 12th May 2019 (prior to Nordic Course 13th to 16th May 2019)

WHERE: Ingeniørenes Hus, Oslo, Norway

WHO: Limited to 40 places for participants of the 7th Nordic Course in Emergency Radiology. A hands-on workshop for Residents and Senior doctors who want to get practical experience in interpreting emergency imaging.

FORMAT: Case-based & interactive. Cases are reviewed on a workstation in a 'virtual' emergency Radiology Department. Our friendly and experienced facilitators, expert in their field, will lead group discussion and learning points. A workbook for each session is provided including learning points, key images, targeted references and further resources.

WORKSHOP COURSE LEAD:

Dr Elizabeth Dick, ESER President & Consultant Radiologist, London, UK
