Information about Göteborgs Friluftsförening GFF

GFF is a non-profit naturist society situated in the northern archipelago. It was founded in 1936. The member-owned estate has 57 000 m². There are 20 private houses, ca 30 spots for caravans and two rental cottages.

Here one can sunbath and bath naked if the weather permits it. In case one cannot or does not want to be naked, proper clothing on both the upper and lower part of the body are compulsory. Bathing suits are not permitted. Neither is smoking, except in the special smoking areas.

The naturist area provides both sand and cliff beaches. There are piers, a spring board, a wooden heated sauna, showers, washing machine and dry toilets. In the middle of the area, you find the society house (*storstugan*) with a kitchen, TV-room and space for common activities such as, e.g., table tennis. Close to *storstugan* there is a boule green and a play-cottage with toys for children as well as a swing, sandbox and trampoline.

For more information, please visit our homepage www.gbgriluft.se.
