

Information about the Gothenburg naturist society GFF (Göteborgs Friluftsförening) www.gbgfriluft.se

GFF is a democratic non-profit society, it is politically and religiously independent.

The society aims to promote:

- Outdoor activities, swimming and sunbathing for the entire family.
- Casual interaction for people of different age and gender.
- Together taking care of the naturist area on the island Björkö.

The Society was founded in 1936 and was named Göteborgs Nudistförening (Gothenburg nudistclub). The name was changed to the current name in 1964. The naturist area is located in the northern archipelago of Gothenburg (Björkö 1:137) and the size is 57 740 square meters. The society bought the area in 1938.

The naturist area provides sandy beaches and cliff beaches. There are piers, a spring board, a wood heated sauna, showers, a washing machine and dry toilets. There are two cottages for rent: Solsport and Näckebo. Both provide 4 beds and a bed sofa. There are guest spaces for caravans and tents. In the middle of the area there is a society house for common activities: Storstugan. In storstugan you also find a TV-room, a kitchen and the office of the society.

Facilities for playing badminton and table tennis are provided as well as facilities for children: a play-cottage with toys, a trampoline, a sandbox and a swing.

About 20 private cottages and 30 caravans are spread out over the area. The spots for the caravans are decided at the society meetings. The area is owned jointly by the members of the society.

Every year, there are several meetings for the members of the society. The society board also meets several times a year. In the spring and autumn, common working days are arranged to take care of the area.

To become a member, you need to first be 'visitor' during 3 summer seasons. You should have participated in some of the working days and get to know some of the members. References to existing members are to be added to a membership application. Members of the society have the possibility to participate in the society meetings and this gives the possibility to influence the development of the area. Members are obliged to participate on a certain number of working days per year.

We welcome couples and families to visit our naturist area.
