# Pocket II

## Precision with one touch

QUANTEL MEDICAL's expertise in ultrasound pachymetry brings you POCKET II, the gold standard in glaucoma management.

Pachymetry with one touch

### Perfect for Glaucoma Screening

Dedicated software for glaucoma that also complies with all your pachymetry needs.

### Hand-carried

Battery powered.  
Weighs only 460 gr (16 oz), fits in your lab coat pocket.  
Move it between exam rooms or take it to your satellite office.

### Intuitive software

Records from 1 to 10 measurements automatically and displays the average and standard deviation.

User programmable for refractive surgery and difficult-to-measure corneas where pathology can be present.

Stores up to 10 sets of measurements in memory for printing at a later time.

### Data management

Connect directly to computer printer.  
Use the optional **Echo Data Manager**® software to transfer your exams to a PC and send it to a medical server (DICOM and/or EMR)

## SPECIFICATIONS

**Measurement Range:** 200 - 999 microns

**Accuracy:** +/- 5 microns

**Frequency:** 20MHz

**Dimensions:** 200 mm x 100 mm x 45 mm  
(7.9" x 4" x 1.6")

**Weight:** 460gr (16oz)

**Batteries:** 4 x LR6 (AA) 1.5 V

**Parallel Port:** Epson, Canon, HP  
RS232 for PC connection
