

Certificate no. 2016-0314

Svanskog Bruk AB
662 03 Svanskog
Sweden**CERTIFICATE OF CONFORMITY****Food contact**Product: *Beerimat Board*

The above product, submitted by Svanskog Bruk AB, was examined in order to establish whether this product quality is suitable for use in packages or other products intended for contact with foodstuffs.

As an independent party we have judged the suitability with respect to composition and purity referring to the following regulations:

- Recommendations BfR XXXVI, (Issue 89 April 2016) issued by the health authorities (Empfehlungen des Bundesinstitutes für Risikobewertung), Germany
- Regulation EC 1935/2004 (with regard to raw materials and additives)
- LFGB (Foodstuffs, Consumer goods and Animal feed code)
Issue August 2011, §§30 and 31, Germany
- CoE Resolution RESAP (2002) 1 on Paper and board materials and articles intended to come into contact with foodstuffs, general specifications (February 2009)

Based on the analytical results from testing *Beerimat Board* and the specifications, supplied by Svanskog Bruk AB, this product quality is judged to meet the requirements of the regulations referred to above. The specifications cover the raw materials, the production aids and the special paper refining agents used in the production process.

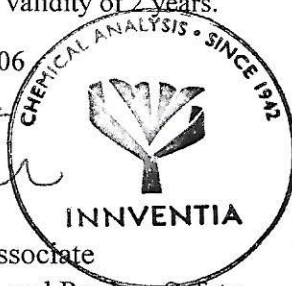

This means that this product quality may safely be used in packages or other products intended for direct contact with dry and/or fatty foodstuffs.

This certificate has a validity of 2 years.
