

Wirefree EXPANSION KITS

Expansion kit
SPOTLIGHT
10003

Expansion kit
SHELF
10004

Expansion kit
TABLE
10005

Package dimension and weight: 183 x 131 x 95 mm 0,6 kg

Expansion kit

The expansion kit adds two power plates and LED-lights to the connection box (included in the basic kit). Max one expansion kit can be added to a basic kit (4 power plates can be connected to one box).

Mixing of basic kit and expansion kit

The Wirefree LED-light variants can be mixed. For example: If the basic kit is a Spotlight kit it is possible to add one Table light expansion kit to get two Spotlights and two Table lights powered from one connection box.

Content

- 10003 Spotlight expansion kit: 2 x Spotlights, 2 x power plates and extension cables
- 10004 Shelf light expansion kit: 4 x Shelf lights, 2 x power plates and extension cables
- 10005 Table light expansion kit: 2 x Table lights, 2 x power plates and extension cables

LED-light powered by wireless energy

The LED-lamp receives wireless power from a plate up to 50 mm away from the lamp. The power goes through all non metallic material like wood, stone and glass.

3 minute installation

- No drilling
- No tools
- No batteries
