

# MINIFLOW 300

## THE MOST COMPACT FLOW WRAPPING MACHINE

Packaging machine flowpack

## DESCRIPTION

---

The **Miniflow 300** is the most compact solution for the “Flow-Pack” in the **Minipack-Torre** range.

Designed to simplify maintenance and cleaning operations for the customer as much as possible.

Thanks to the 3 high-performance stepper motors and its 7” Touch-Screen panel, it will guarantee maximum versatility with format changes and therefore extreme simplicity in packaging operations.

It can operate with a strip reel, max 300 mm, and can reach 25 packages per minute.

The Miniflow 300 packaging machine, equipped with a standard product unloading chute, can also be fitted with many other optional features, depending on the use and the products to be packaged, allowing for maximum customisation.
