

97 companies were started in the municipality of Eksjö in 2015

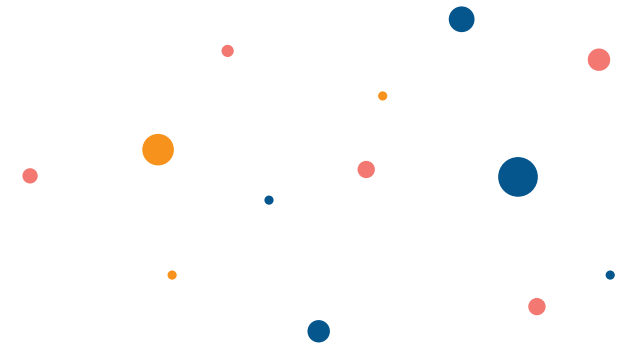

We helped many of those companies in various ways. It could be through counseling, finding a team, finance or just having someone to discuss the ideas with.

We know that many of you who are coming here today have a background as entrepreneurs, and we would like you to know the possibilities of starting a business in Sweden.

All counseling is free,
welcome to contact us!

Start your own business

Do something great with your ideas

>> Get started on your idea

Do you have a business idea that you would like to develop? You are welcome to book a meeting with one of our experienced business developers to get free advice on how to proceed.

We can help you with:

- General advice
- Laws and regulations for business in Sweden
- Permits and contact with the municipality
- Starting your business
- Developing your business idea

You do not have to prepare any material before we meet. It is enough that you have an idea that you want to discuss. Our business development is free and open for everyone.

Science Park supports companies and talented people who want to do something great with their ideas. We help you to:

	find the right business model		raise capital for growth
	build a competent team		start an international expansion

Science Park have business developers and creative office and meeting environments in all thirteen municipalities in the Region of Jönköping. You can find contact information to all of our business developers at www.sciencepark.se.
