

# Dear teamleader,

Below you find dates and schedule for your departure tests. All tests will be done at level 2, conferensroom C5. If you or some of your swimmers can't be there at the slot time, tell them to come as close to the slot time as possible.

**Test result:** For you doing the test on the 8th or 10th of April you get the result latest the day after the test. For you do the test on the 11th of April you get the test result after dinner same day. All results will come with a certificate in english and you pick it up at the Hospitality Desk.

**A positive test** will get the participant and roommate isolated in a roomquarantine and a tracing will be done. The Hospitality Desk will help with the booking to cost price after the event, but the team will have to pay for the stay by invoice from the Swim Open office. We also help with booking for a needed PCR-test for the participants. The Swedish regulations after a positive test is:

- Stay home at least 7 days after symptom, of which the last two without fever and feeling of good health condition.

If you have any questions or like to change/update your test slot get back asap to [dennis.fredriksson@svensksimidrott.se](mailto:dennis.fredriksson@svensksimidrott.se) or call me: +46 708 74 95 03
