Alligator Onion Peeler - Patented Innovation!

A completely new product

We are proud to present our new patented product. It's an ingenious device designed to make your cooking more fun.

The Alligator Onion Peeler is designed to peel an onion effortlessly and safe. Just chop the ends of an onion and insert it into the Alligator Peeler. Close and the onion skin will be peeled off within a few seconds.

Alligator Stainless Steel Chopper

The Gourmet's Choice

Alligator Stainless Steel Chopper is delivered with a collector that cleverly collects what you have chopped. The robust construction of the Alligator Stainless Steel Chopper makes it a common utensil in many professional kitchens.

The Alligator Stainless Steel Chopper is an exclusive model in stainless steel equipped with three interchangeable knife sets, a standard 6 x 6 mm set for such items as onions, a 12 x 12 mm knife grid for chopping coarser items such as french fries, and a 3 x 3 mm set for chopping smaller items such as garlic.

Alligator Chipper Attachment

French Fries in a Minute!

The Alligator Chipper Attachment cuts sticks and cubes measuring 12 x 12 mm and is the quickest and easiest way to make chips, salads, gratin, etc. As the blades are set further apart, the Alligator Chipper Attachment is also great for preparing those dishes that require larger dices of fruit and vegetables.

Simply put the Alligator Chipper Attachment onto the chopping base of your original Alligator to enjoy faster chipping. The collector from your Alligator can also be fixed to the Chipper Attachment.
