

Welcome to the campsite of Nordkoster

Your Camp site

Do not pitch your tent closer than 2 meters from paths or roads. Maintain at least 4 meters to adjacent tents. If you are using a tarp as cover from the elements, it has to be of the color green. You may not place it in such a way where you claim more space than allotted; it may not be placed above 2 meters from the ground.

Pets

Guests bringing dogs must make their campsite distant from other guests and always have your dog leashed.

Fire, barbecuing and preparation of food

Fire is not allowed in any format all over "Nordkoster". Barbecuing is only allowed at designated fire pits. The use of the fire pits are only aimed at patrons and residents of the area. Two out of three forest fires are caused by disposable barbecues. This is why permitted use of these is limited to designated fire pits and on sand. Always have water ready for potential unwanted spread of the fire! Fire extinguishers can be located mounted on pine trees all throughout the camping grounds.

Handheld carts

Handheld carts are only meant to be used as an aid in transporting your luggage to and from the boat moored at the dock at "Vettnet". If you used a cart upon arrival, please return it to the reception as soon as possible so next-coming guests may utilize it as well.

Sound Level

For a tranquil and calm experience, always maintain a pleasant sound level, especially during evening and early morning hours. Between 11pm and 8am silence should be respected. Games and other loud activities are not allowed after 10pm. All fires at the fire pits should be doused and securely out no later than midnight. Cellphones should be set to silent and if you want to listen to music you must use headphones.

Toilets

Parents of small children must, for everyone's pleasure, accompany them to the bathroom.

Nature

All of us hold a responsibility to nature and look after the sensitive environment at "Kosters" natural reserve. Do not dig any holes within the camp grounds. It is, obviously, not allowed to cut down or nail into branches or trees. Do not throw garbage or cigarette buds anywhere else than designated garbage bins. In order to avoid major wear and tear all over the camp grounds, physical sports or similar activities are to be limited to the strip of beach at the "goal net" and left of it. The use of bicycles and other motorized use of vehicles are not permitted; park your bike at the reception.

Departure day

Upon leaving your camp site – make sure to bring all personal belongings and clean up remaining garbage. Deposit the number tag in the mailbox located at the reception. Returned number tag confirms you have left the camp site.

We wish you a pleasant stay here with us
