The Glera grape bring a bright, straw- yellow colour with a greenish hue. Lively mousse and intense aromas of white flowers and golden apple. The taste is intense, fresh, and elegant with a following soft delightful after-taste. Served well-chilled this is the perfect way to start an evening.

Ripe grapes from the hillsides of Valdobbiadene in Northern Italy are fermented into fresh white wine. Then a secondary fermentation is done in tank for a refreshing effervescence that brings it all to life. This is called the Charmat method.

## SERENA

Serena Wines was founded in Venice in 1881 by Pietro Serena. The Serena family has for the last 130 years been dedicated to the creation of high quality wines as well as for creating their own story through innovative projects.

Prosecco DOC Spumante is the most famous and popular variety of the three kinds of wine from this DOC and has a fine long-lasting perlage. The name is derived from that of the Italian village of Prosecco near Trieste, where the grape and wine originated.

Prosecco DOC is produced in nine provinces spanning the Veneto and Friuli Venezia Giulia regions. Prosecco DOC Treviso can only be made in the Treviso province of Veneto on the hills between the towns of Conegliano and Valdobbiadene (north of Treviso).
