

MULTILINE

19-22 Seats Interurban Minibus

These are multifunctional buses easily transformed to meet the specific needs of a certain travel. They can be used as tourist or linear buses or can be easily transformed into buses suitable for transporting people with disabilities or big amounts of luggage.

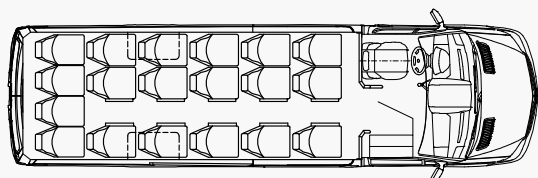

It is a really good mix of comfort and pragmatism, which enables both convenience in long journeys and an ability to adapt according to special needs. These buses can be produced of (long) L version with up to 22 places for passengers.
