Suntech becomes a part of Ircon Drying Systems AB

On September 13, Suntech Group AB was acquired by Argynnis Group AB and thus became a part of the business unit "Heating & Drying Group", which also includes Ircon Drying Systems AB and the French company Solaronics S.A.S.

From 1 January 2020, Suntech will become an integral part of Ircon Drying Systems AB and operate there as a separate business area, continuing under the Suntech brand.

Suntech's website, e-mail and telephone number will be unchanged, however, the delivery and visitor's address will be changed to Ircon Drying Systems AB, Svetsargatan 8, SE-462 56 Vänersborg.

During a transitional period, Suntech's bank giro numbers and accounts with Swedbank will remain. However, these will be completed in 2020.
