

Örnsköldsviks Kollektiva Konstnärs Verkstad at AIR—ARTIST IN RESIDENCE Krems, Austria 2019

Örnsköldsviks Kollektiva Konstnärs Verkstad and AIR ARTIST IN RESIDENCE Krems have conducted an annual residency exchange since 2011.

The international exchanges cultivate a critical context for the presentation and development of contemporary art, generating and reflecting contemporary practices to a broad audience locally, nationally and internationally. The residency project was formed through awareness that programs of this nature may represent a new condition in global practice in which arts practitioners operate at the edge-point of a new globalism characterised by mobility, fluidity and interactivity. The Artist in Residence exchange forms a 'location' through which the relationship of economics, politics and cultural identity can be examined and interrogated.

Applications for the Örnsköldsviks Kollektiva Konstnärs Verkstad / AIR- ARTIST IN RESIDENCE Krems Exchange

All applications must include:

1. Application form
2. Résumé in chart form, including artistic career and a list of previous grants (scholarships)
