

## **Örnsköldsviks Kollektiva Konstnärs Verkstad at AIR – ARTIST IN RESIDENCE Niederösterreich, Krems, Austria 2022**

Örnsköldsviks Kollektiva Konstnärs Verkstad and AIR – ARTIST IN RESIDENCE Niederösterreich have conducted an annual residency exchange since 2011.

The international exchanges cultivate a critical context for the presentation and development of contemporary art, generating and reflecting contemporary practices to a broad audience locally, nationally and internationally. The residency project was formed through awareness that programs of this nature may represent a new condition in global practice in which arts practitioners operate at the edge-point of a new globalism characterised by mobility, fluidity and interactivity. The Artist in Residence exchange forms a 'location' through which the relationship of economics, politics and cultural identity can be examined and interrogated.
