

PEP

Professional Exchange Programme

For Professionals in Public Health, Health Promotion and Health Education

Form

The intention of this form is to supply the PEP-organisation with basic facts about your professional background and your interest in taking part in this European workplace exchange programme. We would also like to know about your personal preferences and the possibility of you hosting a foreign colleague.

Your national PEP-contact will, together with other PEP-contacts in Europe, try to match your preferences with those of other persons involved in the programme.

The Professional Exchange Program is an initiative from the Swedish Association of Public Health and Health Promotion supported by the International Union of Health Promotion and Education (IUHPE).

The network for international exchange started in June 2002 at the 5th IUHPE European Conference on Effectiveness and Quality of Health Promotion. The intention is to make it easier for professionals in European countries to connect with other and arrange a suitable workplace exchange. The IUHPE is a worldwide association of individuals and organisations committed to improving the health of the people of the world. In the beginning we will focus on exchange in Europe but our idea is to develop the network so that in the future it will include all countries associated with IUHPE.

Please fill in this form in English in block capitals

Personal information

Name:

Country:

Title:

Workplace

Complete address:

.....
.....
