Code of Conduct

The respect for certain values and fair-play are an important part of the philosophy of our club.

Our Club has two main objectives. First of all, it shall be fun to play floorball and secondly, we want the club to be successful in matches and leagues. This requires an exemplary behaviour from everyone involved. We also want Kraainem Tigers to be associated with high ethics, respect and fair play. This is why we have defined a code of conduct. Being a member implies that you are aware of our code of conduct, and that you stick to it. Please read it here: tigerskfc.eu/en (section "More info" / "Documents")

League games

All our teams take part in national competitions, organised by the Belgian Floorball Federation. For more information, see floorballbelgium.be

More players

New players are welcome to contact us via tigerskfc.eu - please spread the word!

Protective glasses

In league games, protective glasses are mandatory for field players born 2006 or after, and we promote the use of protective glasses to all players - also in the practices. We have a small supply of such glasses for back-up purposes, but all players in question are expected to have their own and bring them to practice and matches. Contact the Board if you have any questions about this.

Volunteers

There is always room for more volunteers that are ready to take some responsibility for a team, related to matches and/or practice and with proper introduction and guidance from those who already do these tasks. Talk to the Board or to the coach of your team.
