# 22nd World Scout Jamboree Sweden 2011

In the summer of 2011, Sweden has the great honor to host the 22nd World Scout Jamboree. For 12 days, 30 000 young Scouts from more than 150 different countries will gather together at Rinkabyfältet in the municipality of Kristianstad to make new friends and take part in a multitude of activities with the aim to create a better world.

The World Scout Jamboree is a unique international camp for young people aged 14-17. Through the key concepts of Meetings, Nature and Solidarity, every participant will meet new friends from all across the world, learn about

environmental responsibility, experience Swedish nature and work towards increased peace and solidarity. We are also expecting more than 40 000 day visitors from Sweden and the world and visits from heads of state, ministers, ambassadors, business leaders and central representatives from non-profit organizations.

The Scouts in Sweden are now looking for partners that want to contribute to a better world by supporting the World Scout Jamboree. There are many ways to contribute both as a corporation and as an individual.

# Operation One World

The World Scout Jamboree is a great peace exercise where young people from around the world get to meet across geographical, religious and cultural borders. This is an experience of a lifetime where participants get extensive leadership training and tools for contributing to a better society in their local communities. In order to help those Scouts who would otherwise have not been able to participate in the Jamboree, we have initiated the Jamboree solidarity fund, Operation One World.

Operation One World will assist Scouts with the costs for transportation, participation fee, entry visas and camp equipment as well as preparation costs and costs for the stay in Sweden before and after the World Scout Jamboree. We will work together with WOSM's six Regional Offices to select young people who would not be able to

participate without the help of the solidarity program and whose participation will have a deep impact on them and their surrounding environment. The participants commit to share their experiences and knowledge with peer Scouts and young people in their native societies thereby multiplying the investment in the development of young people.

The World Scout Jamboree Organization needs to raise approximately 2500 USD for a Scout to be able to participate in the World Scout Jamboree 2011 through the solidarity fund. Please join Operation One World and help us make a difference for young Scouts and their local communities.

Contributions are made directly to the fundraising account for the Swedish Guide and Scout Council. Please mark your contribution with Operation One World (OpOW).

"It represents the turning point in my life, making me committed to world issues. I walked around the Global Development Village and was astonished by the enormous challenges that confront our world. We all need to collaborate to create a better world."
