

## Welcome to Scania camp 2018!

First of all, we are glad to have you as a member of the Scania camp family 2018. In this letter we will give you all the information we have so far and some practical information.

This years edition of Scania camp will feature a new adventure for 30 of our referees, the elite-camp. These 30 referees will referee the majority of their games in the main-gym, Täljehallen, and will be subject to more intense supervision and evaluations. These referees will be regarded as referees that in a short time have the potential to become international referees.

During the tournament we are also glad to have one of Europe's largest clinics for female referees.

All referees are a part of the Scania Cup and Scania Camp. This year the clinic will be both specialized with the elite camp but also the largest Scania Camp ever with a total of 155 referees!

- **Clinic schedule**
  - The clinic starts Thursday 29th of Mars at 15:00 for all referees!
